ESTATE AGENTS & VALUERS

Dear Linda,

I have recently had the need to contact Linda about helping a member of my family and to see whether SanaMente could help them.

I must say that only after 2 sessions with Clare, my family member is so much happier, and they have totally changed their outlook on life and the direction that they are going in.

I cannot recommend SanaMente enough as the help that they have given him has also enabled us as a family to be able to speak more openly about how we all feel and not to bottle things up.

Thank you, Linda, and the team at SanaMente.

Kind Regards

Chris.
